According to the graduation list there are three D & Conservators; Jini Asst. & Asst. (Mr. Aspinall having died since) instead of 8 according to the sanctioned scale; and then Sub Asst. is Conservators (if Mr. D. D. D. is not likely to return to duty) instead of the sanctioned no 5. There are three vacancies among the Asst. Conservators and two among Sub Asst. Conservators. There is every reason to complain of paucity of hands in the higher grades of the Dept. The Comr. can have no possible objection as the men were selected by him & the terms which have been modified in our favour were also suggested. There is no objection however to communicating with the Comr. before sending a reply to the Residency.

gain anything by their promotion, because their places cannot be filled up for want of trained men. There are already six vacancies in the Rangers' Grade, which cannot be filled up for some years to come for this reason.

4. In these circumstances, it seems to me that the only alternative is to secure the loan of the services of some Officers from the British Government. Fortunately for us there are at present two natives of Mysore employed in the Central Provinces as Extra Assistant Conservators, both of whom are anxious to serve their native country. Their names are - A. Ponnusami Mudaliar and B. Inamti Shama Rao. The former is a son of the late Mr Arundachela Mudaliar, an Assistant Commissioner in this Province and the latter a son of the late Mr B. Inamti Lakshman Rao, an Amildar. Both have put in a service of 14½ years and have passed the Denra Dun examination. Mr Ponnusami is in the 3rd grade of Extra Assistant Conservators permanent- and Mr Inamti Shama Rao is sub-pro-tem in the same grade. Their present salary is Rs 250. Both are successful Forest Officers and bear a good reputation for industry and general ability, as the enclosed copies of extracts from official reports and of a private letter addressed to me by one of the Senior Deputy Conservators in the Central Provinces will shew.

5. I beg to recommend that the services of these two Officers may be secured for four years upon the following terms:-

(a) Mr Ponnusami Mudaliar on a salary of Rs 300 per-

month.

(b). Mr. Inamti Bham Rao on a salary of Rs 260 rising by annual increments of Rs 10 per month to Rs 295.

(c). Contribution towards their leave and pension to be paid by the Mysore Government.

(d). Travelling allowances as per Mysore Service Regulations, viz. Rs 4 per diem or annas eight per mile for distances travelled over 20 miles in a single day and double first class fare for journeys made by rail.

(e). They will be supplied with tents when out on tour at the cost of Government for the use of which they will be required to pay a rent of eight annas a day as per existing rules.

I have ascertained that they are willing to gratefully accept these terms.

3. Both these Officers were contemporaries in the Dehra Forest School of Messrs B. Heerasingh, C. Appaya, M.G. Rama Rao and H. Srinivasa Rao. Of these, the first three get a higher pay than they, but their introduction

will involve the supersession of Mr H. Srinivasa Rao, a deserving Officer. In order to avoid this and with a view not to bar the promotion of the Officers in the Sub Assistant Conservators' grade, I would suggest that they be treated as Special Officers or Supernumeraries. As a set off against the additional expenditure involved by their appointment, I would propose that one vacancy in the class of Assistant Conservator, 3rd grade, and two vacancies in the grade of Sub Assistant Conservator may be kept vacant until vacancies occur in the higher grades.

7. As serious inconvenience is caused by the paucity of gazetted officers and the progress of various important works has been greatly hampered in consequence, I beg that the matter may be treated as urgent and early action may be taken upon these proposals.

I have the honour to be,

Sir,

Your most obedient servant,

Sir,

I am directed to state that the strength of the Gazetted Forest officers in Mysore has been seriously curtailed by the large number of casualties that occurred in their ranks during the last year. Of the sixteen posts in the Controlling Staff, two are vacant permanently and two temporarily. As one of the officers on sick leave is not likely to be fit hereafter for active service in the Forest Department, the permanent vacancies in the appointments belonging to the Controlling Staff may practically be regarded as three; while, at least, two officers are nearing retirement.

2. These vacancies cannot be filled by the promotion of Rangers as the senior men are not qualified for the posts, while the juniors are still inexperienced.

3. Owing to the paucity of Gazetted officers, the maintenance of the Forest administration at its usual level of efficiency has proved extremely difficult and the postponement of
